## Earthquake Kits

Each child is required to bring his or her own Earthquake Kit by Friday, September 9<sup>th</sup>. The kit should be placed in an 11" X 11" zip lock freezer bag. The child's full name and grade should be on the outside of the bag. Each kit should consist of the following:

1. Three fruit rolls
2. Three granola bars
3. Two small cans of juice ( they must be cans, boxes will leak)
4. One small pop-top can of meat or fish
5. One small game or toy
6. A supportive letter or photo
7. One space or solar blanket (can be purchased at Big 5 or any place where camping equipment is sold)
8. Pre-K through Third Grade - One change of underwear

We cannot stress enough the importance of these kits. The kits are kept until the last day of school, then they are sent home.

Thank you for your cooperation, Mrs. Lambert
